## 12 TECHNICAL DATA

| Model                | Weight (Kg) | Width (mm) | Depth (mm) | Height (mm) | Total Power (W) | Supply type | Electrical supply tension (V) | Frequency (Hz) | Highest possible temperature (°C) |
|----------------------|-------------|------------|------------|-------------|-----------------|-------------|-------------------------------|----------------|-----------------------------------|
| Logic Line Plus M4   | 105         | 1070       | 980        | 400         | 6.600           | 3 F+N+T     | 400                           | 50/60          | 450°                              |
| Logic Line Plus M6   | 140         | 1070       | 1330       | 400         | 8.880           | 3 F+N+T     | 400                           | 50/60          | 450°                              |
| Logic Line Plus M6L  | 145         | 1420       | 980        | 400         | 9.000           | 3 F+N+T     | 400                           | 50/60          | 450°                              |
| Logic Line Plus M9   | 195         | 1420       | 1330       | 400         | 13.320          | 3 F+N+T     | 400                           | 50/60          | 450°                              |
| Logic Line Plus M8   | 180         | 1070       | 980        | 720         | 13.200          | 3 F+N+T     | 400                           | 50/60          | 450°                              |
| Logic Line Plus M12  | 240         | 1070       | 1330       | 720         | 17.760          | 3 F+N+T     | 400                           | 50/60          | 450°                              |
| Logic Line Plus M12L | 250         | 1420       | 980        | 720         | 18.000          | 3 F+N+T     | 400                           | 50/60          | 450°                              |
| Logic Line Plus M18  | 335         | 1420       | 1330       | 720         | 26.640          | 3 F+N+T     | 400                           | 50/60          | 450°                              |
