

Professional ice cream maker

Built-in freezer unit: no pre-freezing required.
You can make delicious ice cream at the touch of a button!

Storage mode allows you to keep your ice cream at the right temperature in the bowl and hold its consistency until you are ready to enjoy it.

3 automatic programmes

Gelato: light and airy ice cream
Ice cream: traditional ice cream, creamy sorbet and frozen yoghurt
Granita: ultra-refreshing type of sorbet

Quick and 100% natural

Within 30 minutes you can enjoy homemade and 100% natural ice cream, sorbet, frozen yoghurt and granitas.

Easy to use

1 expert programme (manual mode): take complete control
3 automatic programmes : 1 button = 1 function

The paddle stops churning when your ice cream is ready and automatically goes into **storage mode**.

Large capacity: **Two 2L stainless steel bowls** (1 fixed and 1 removable) allows you to seamlessly make two batches in a row (over 7 pints!).
